Famous In

A Small Town

Many people overlook small towns like Maroa or Forsyth, but little do they know they are much bigger than they seem. "Bigger" not being used as size, but in "bigger" achievements that we accomplish together. There is a wide variety of achievements ranging from education all the way to extracurricular activities. We strive for our goal: Pride and Excellence. As we complete these tasks we individually become "famous in a small town" in our own different ways, which bring us together.

Spirit Week

Monday: Character Day

Tuesday: Twin Day

Crazy dress up days, obnoxious students, extreme laughter, and millions of cameras clicking can sum up Spirit Week. And this year was no exception to any of that. Students will never forget twin day when Austin Jackson rolled around in a wheel chair all day to match his friend Tanner Clawson. Or when Jersey Day was supposed to be turned into Jersey Shore Day...but only two students pulled through. Students definitely made themselves famous in this small town.

Powderpuff 2010

Every year, when the Wednesday night lights come on, the senior girls take on the junior girls in their bright tights, glittery t-shirts, and frilly tutu's for the right to hold their head up high in the halls the following morning; the right to be famous in our small town. When the 4th quarter buzzer went off this year, the seniors kept their dignity with a 14-0 win. The senior girls had no problem taking down the juniors. After a long night of taking silly pictures, watching W. Beach Dougie, and listening to the hilarious senior commentary during the game by A. Jackson and M. Reischman, every player was all smiles. Better luck next year juniors!

When the bell rang for school to begin, Maroa-Forsyth was not about to take out their school supplies and begin to learn on September 24, 2010. The bell was a call for everyone to head out to the football field to participate in the annual field day event. Although the day was freezing, the cold weather brought everyone together. Overall, the Seniors took 1st place.

The Homecoming Parade is a big tradition. Children and parents line the streets and watch as the homecoming court, football players, cheerleaders, fire trucks, class floats, the band and many others parade through the streets of Maroa. It's something that everyone in the community looks forward too.

CLASS OF 2011

4 years ago we stepped into high school ... individuals seeking to do well, to find our identity, to find our best friend. We opened our lockers for the first time, looked at our schedules, thought about how great it was to finally be in high school. Four years ago we met our best friend, got our rings, we went to our first school dance, had a crush on a cute senior.

1 year ago we entered the school as seniors. We had senioritis before classes even resumed, we got to leave school early and come in late. Everything we did was the last ... our last homecoming pep rally, our last season in a sport, our last birthday at home. One year ago we took our time together for granted, we went to party after party on the weekend, we rebelled, and we learned. One year ago, we still had the same best friend and cherished time spent with them. We started applying to college, far and near. We got accepted, we got rejected, we found exactly where we wanted to go. We realized that we would no longer have the comfort of home within a year. Now we are getting excited about starting over, getting sad about what we will leave behind, getting anxious to move on. Now we realize just how important our best friends are, how much fun we really did have in the four years. Now we wish we could be younger. We wish we could have taken the time to appreciate every moment ... to slow down time. Now we face having to say good-bye.

3 years ago we stepped into high school believing that we owned the place. No longer the lowly freshman, we had a new attitude. Still individuals searching for themselves, looking to fit in, wanting to achieve something. We followed our daily routines, got our licenses, expanded our circle of friends, and talked about parties. Three years ago we went out with our friends every weekend. Three years ago we couldn't wait to get older.

2 years ago we became upperclassmen. We began to realize that we were growing up. We started driving out on weekends. Two years ago we realized who our true friends were and cherished the times we spent with them. We found where we fit in, yet still seemed to be looking for something else. Two years ago we started talking about college, thinking it was still so far away. We had our junior prom, cheered our hardest at football games, and started to realize that time really does fly. But two years ago we still couldn't wait to get older.

Maroa-Forsyth High School Commencement

On the twenty-seventh of May in two thousand eleven, the 91 Maroa-Forsyth High school seniors proceeded in front of faculty, family, and friends to receive their diplomas. Although many were armed with silly string, the formal ceremony was truly a celebration of achievement for the graduates. The evening was full of laughter, tears, smiles, and applause. Graduation is not just a commencement where you wear square-shaped mortarboards and over sized gowns.

Graduation is worth much more. Graduation is a time of completion, of finishing, of an ending, however, it is also a time of celebration of achievement and a beginning for the new graduate. The class of 2011 put in countless amounts of effort and dedication over the 4 years at Maroa-Forsyth High School, and the day was finally here. Anyone in the class of 2011 can vouch and say they were ready for the next step in their life. This is the happy ending to the start of all of our dreams. Congratulations to the class of 2011!

Growing up did you always want to become a teacher? If not, what was your dream job?

Being a farmer or farmer's wife was simply never in the cards for me. However, why not combine youth, agriculture, and summers free! Becoming a teacher and having great kids in class makes my days fly by.

-Crouch

My "dream job" was playing sports professionally or becoming a professional bass fisherman. In high school, however, I knew I wanted to be a teacher. -Doty

No, I wanted to be a veterinarian. Unfortunately, two things stood in my way: chemistry and the euthanization to the animals. I don't think I could put an animal to sleep. -Luedke

I started out in pharmacy school. I soon realized this was not what I wanted to do. After shadowing a few professions, I intended on going to Physician assistant school. I was wait-listed- this is when I worked on my teaching certificate with my zoology degree. My "dream job" would be to teach anatomy/physiology to medical students. -Griffith

No, I wanted to be a pilot but my eyes weren't good enough. My degree is in sociology and social services with a psychology minor. I decided to teach later. - Sharp

What advice would you give a new teacher starting out?

Don't feel like you need to know everything. Talk to the teachers that have been teaching and get ideas. Teaching isn't just "knowing" the material, it is having to make sure all of your students understand and can use the material. Good classroom management is also important. -C. Cluver

The best advice for a new teacher is to be prepared, have a solid discipline plan in place, and have confidence. Teaching is a learning process, and a new teacher will be "learning" as much as he/she is "teaching" -Doty

Know your subject!! Be prepared (over-prepared if possible.) Try to guess what questions your students will ask concerning the topic being studied. Be fair! Challenge your students! -Griffith

What do you plan to do after you retire?

Go someplace warm so I can skydive, ride my bike, and run outside year-round! -Atherton

The way the government is I am never going to retire. -Applebee

Retirement is such a long ways away for me, and the way the state keeps changing teacher retirement, I may have great-grandchildren before I can retire. Honestly, I would love to have more time to read and travel. I also would love to take classes on photography and foreign languages. -Luedke

I plan to spend time with my mom and work part-time at a job that isn't stressful! I would love to be a Travel Agent and check out resorts in Latin America. -Sharp

If you could earn your living from playing a sport instead of teaching, which sport would you want to play?

Women's fastpitch softball -Fink

Basketball -Woodhall

What sport would you like to add to the Olympics?

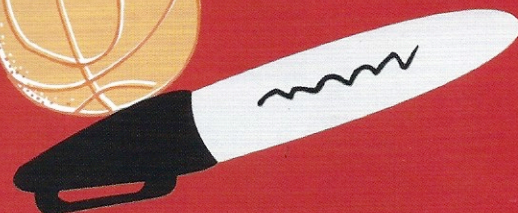

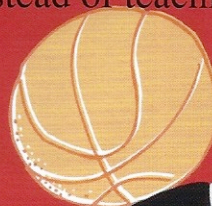

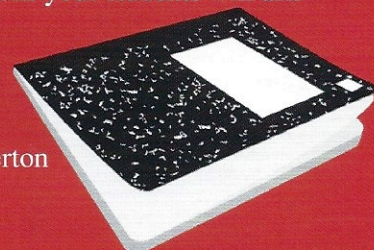

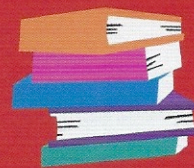

Women's softball put back -Fink

Pickleball -Woodhall

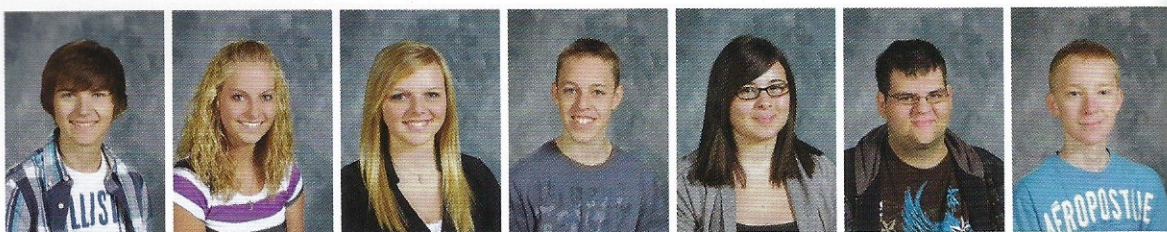

What is the weirdest or funniest sport you've ever heard of?

Redneck Olympics -Fink

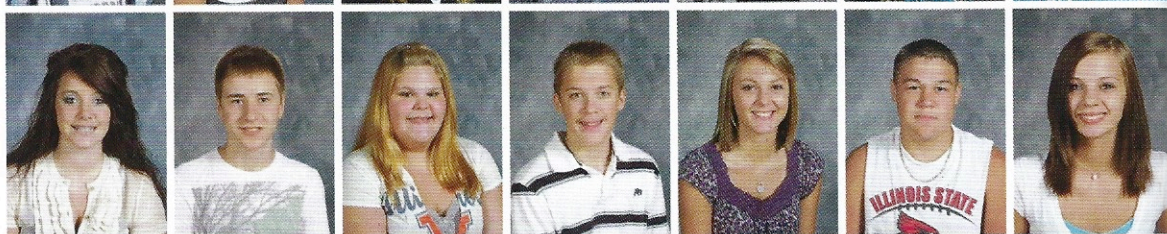

Professional Thumb Wrestling -Woodhall

Your teachers You have to name six surrounding towns to explain to people where you're from.
remember when they taught your parents. You've had the same friends since kindergarten.
You know everyone in your class...and your school. For drivers ed, you have to go to the next town to have a lesson on stop lights.
There's a farm directly across the street from your high school. Your idea of a traffic jam is ten cars waiting to pass a tractor on the highway.
You end your sentences with an unnecessary preposition. For example: "Where's my coat at?" or "If you go to town I wanna go with."

Each year FCCLA does many things, not only through school but also for the community. They hold both a fall and spring blood drive, participate in the FCCLA/FFA campout, attend in FCCLA conferences throughout the year, and show leadership to their peers and faculty daily. Being an FCCLA member takes a lot of character and commitment.

This year FFA was involved in many activities. They helped feed the farmers, picked up trash after the football games, had a pork chop sale, went on a ski trip, read to little kids, had a successful AG day, and built the set for the high school musical "Oklahoma", just to name a few. They also went to a lot of competitions and were very successful! FFA had a very fun and eventful year.

Trojans Win Big

During the 2010-2011 school year, the Maroa-Forsyth Trojans were busy wow-ing crowds with their amazing athletics. With a State Runner-Up title in football, a boys basketball team that made it to the regional championship, and big wins in soccer, volleyball, track and more, the Trojans are proud to be the envy of surrounding areas when it comes to sports.

THE BOYS

The Trojan Football team accomplished what no one thought was possible this year...A trip back to Memorial Stadium in Champaign to play for the 2010 Class 2A State Championship. Through tough practices, late nights, hours in the weight room and watching film, these boys got it done. It just took a little bit of mental strength, determination, and coaching from head coach Josh Jostes. Talk about being famous in a small town!

The WL-MF girls soccer team had an awesome season this spring. They notched a win in a triple overtime during the regional title game vs. LSA. It was the first regional championship title Coach Emery has received for the girls team. With few returning players, new names on the roster and not much depth on the bench, the Lady Cardinals stepped up their game and worked together to having a successful season. They ended their season with a 14-6-3 record.

Boys Golf

This year, the boys golf team got to work on the course. Joining forces with Warrensburg-Latham, the team practiced on Hickory Point Golf Course and had fun doing it. The team consisted of one senior from Maroa- Forsyth, Keenan Zilz. It was also his first season on the golf team. The team had a strong finish, with a Varsity record of 14-8, and an undefeated JV season!

Everyday after school kids from Maroa-Forsyth and Warrensburg-Latham would meet at the park to run around 3-4 miles. Occasionally the team would play ultimate Frisbee on a day after a big meet. Coach Dan Tutko would host a team dinners every Friday night. They always got the team excited, because there is little running, and the guys always play a game of Football in the yard. The XC team had a great year, and finished strong.

What is the worst drill to do at basketball practice? "KANSAS! its a full court drill that consists of a 3 man weave with passing, shooting, and sprinting. If you don't meet the point requirement in 4 minutes, then you have to do the tip drill as punishment. It's the worst because it's tiring and not fun." -Jacob Horve

What was the biggest challenge the team had to face this year?

"The team knew that each and every night was going to be a grind. We had to play great defense and hold teams to below 50 points. The team also had to show patience on offense and slow the game down. This was a challenge, but the team did a wonderful job of believing in each other and that led them to reach their potential."

Lady Trojans

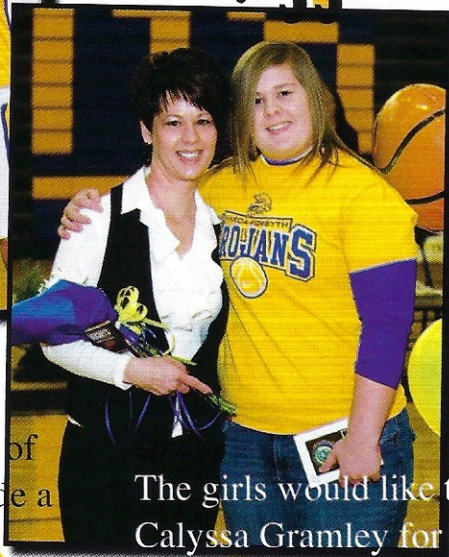

The girls' 2010-2011 basketball season was a re-building year. Despite the record, the girls fought hard in every game. We may not have improved our win column but we did improve in other areas of the game. Softball Team on Prom Night

In the beginning of the 2011 softball season, it was a mixture of new talent and the returning experienced athletes. The Lady Trojans started off the season a little rocky, but after a reevaluation from Coach Applebee, the Trojans were finally putting the puzzle together. Coach Applebee's team was for once the hunter instead of the hunted. However, when the post season rolled around, the Trojans' bats came alive against Monticello and pulled out a nail biter versus the St. Theresa Bulldogs in the regional championship. Congratulations to the Lady Trojan softball team on a great season!

"We have had a great season. The girls worked hard and got along great. They were a joy to coach and be around. I will always remember this team fondly. They were great on the field, but even better people off it. Plus beating St. Teresa for the regional championship made it a fantastic season!" -Coach Applebee on the 2010-2011 softball season.

SENIORS

Taylor Coit

A four year starter who was vital to our success as a team. She was a strong hitter in the lineup and a leader.

Kayti Lundin

A four year starter who was our #1 pitcher. She was one of the best players in the state for the last 3 years.

Kim Lamar

A four year starter who is a real gamer. She loves the game and is the hardest worker on the team.

Calyssa Gramley

The epitome of Trojan Softball. She worked hard to accomplish her goals. She only cares about the team.

Heidi Sims

She worked hard and improved every year. She turned into a very good outfielder.

Sammie Stokes

Sammie was a potent bat off the bench for us. She did all the little things to make us successful.

Hillary Carico

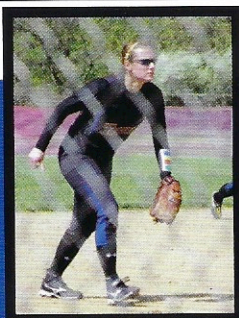

Hillary was an integral part of our success. She is a true Trojan Softball player.

Star Seniors Sign

KIM LAMAR

Kim Lamar signed a letter of intent to play softball for the Parkland College Cobras on Monday, January 24, 2011. The signing ceremony took place at Maroa-Forsyth High School in the gym. She is the daughter of Dan and Charlotte Lamar of Maroa. Kim plans on majoring in elementary education at Parkland College. Kim has been a Varsity Letter winner since her freshman year at MFHS. She has been a 3 year team captain for the Trojan softball team, and a 1st Team All Okaw Valley Conference Softball Player in 2010. She has been a very valuable player for the Trojans on regional and conference championship teams. Kim has been coached by Phil Applebee at Maroa-Forsyth High School. Her coach says, "Kim has easily been the hardest working player we have had at Maroa-Forsyth in the past 7 years".

Kim and Kayti playing travel softball at a younger age.

Kim has played wherever needed (OF, SS, 2nd, 3rd, catcher, and pitcher) during her career at MFHS. She has been a great team leader for the Trojan softball team.

KAYTI LUNDIN

Kayti Lundin signed a letter of intent to play softball for the Lincoln Land Community College Loggers during the spring semester of her senior year. The signing ceremony took place at Maroa-Forsyth High School in the gym. She is the daughter of Mike and Linda Lundin of Forsyth.

Kayti has been a pitcher for the majority of her softball career, however she been an asset to the Lady Trojans as a utility player. Some of her accomplishments over her high school career are as follows:

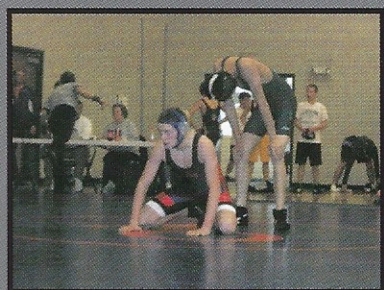

-4 year Varsity Letter Winner
-Freshman: All Conference, All County, Regional Champions
Sophomore: All State Team, 1st Team All Conference, 1st Team All County, ESPN 1050 Softball Player of The Year

After a summer full of intense workouts and attending IDTA 'Push The Limit' Dance Camp, the Trojanettes were excited to start their season. They performed at every boys and girls home basketball games, every home football game, and even got the opportunity to dance at Memorial Stadium, when the boys football team made it to the championship game. Being a Trojanette is a huge time commitment, and takes a lot of hard work. Even though, practices are at 6 a.m., three times a week, each dancer learns how fun it is to perform in front of a crowd. The squad consisted of 20 girls for the 2010-2011 season, with the seven seniors dividing up responsibilities and each of them displaying their leadership skills. Both the JV and Varsity quads did exceptionally well during the competition season. The JV girls danced to "Stand in the Rain" for their lyrical routine and "Black & Gold" for their jazz routine. Both dances qualified for JV states finals, which were held at Bloomington High School. The Varsity squad danced to "The Dance" for their lyrical routine and "Dream On" for their jazz routine. Both dances qualified for IDTA's state finals, which are held at the U of I Assembly Hall in Champaign. Each of squads did outstanding at their state competitions. It wouldn't have been such a successful year without each and every dancer giving it her all at every practice and performance.

just before Oklahoma became a new state, Laurey Williams notices that Curley, a handsome, though shy ranch hand, has been acting strangely around her. Through some course of events, she and Curley soon realize the feelings they have for each other. Judd, a hired hand at Laurey's home, also has feelings for her. Together, she and Curley have to do something to save their relationship and keep Judd from doing something terrible. Woven into this plot is the life of Ado Annie, one of Laurey's friends. Her boyfriend has just gotten back from an exciting trip to Kansas City. While he was away she has fallen for a peddler who is a ladies' man and doesn't really want to marry her. Does she give Will, her boyfriend, "all or nuthin'", or does she run away with the peddler? Set against the backdrop of ranching Oklahoma, this musical is full of fun, music, and romance for everyone.

Final.....

This year, two of our beloved faculty members; Mrs. Kathy Sharp, and Ms. Debbie Bates are retiring. Miss Bates has been the High School and Middle school librarian for the last thirty-two years. Mrs. Sharp, has taught high school Spanish, and yearbook. They are two individuals who will never be forgotten. Having staff members who put in all their hard work throughout the years really embraced their students and make them realize one day they will find a career that they would stay with and love just as much as long as these two did.

32 years of commitment

Debbie Bates

As the year pass and the time slips away, wonderful memories are made. All of mine involve students at MFHS and mostly good times. Assistant play director for 3 years, yearbook advisor for Junior High yearbook for 3 years, the many assemblies, Library Club, art, history, English and Science classes are but a few of these good times. The ones I will cherish the most are the friendships I have made with students, parents and co-workers.

My best accomplishment is bringing the school library into the 21st century. I went from the 1970's (where students signed check-out cards and computers were just thoughts) to a completely computerized department where patrons can select and order materials from over 400 different libraries through the Rolling Prairie Library System. This opened up our library from one room to the world of information.

Farewell

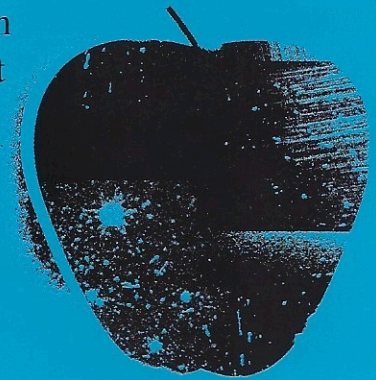

Maroa-Forsyth has been my school my entire life. I am a 1969 MFHS graduate and every member of my immediate family is a MFHS graduate. I started working here in 1984 and have enjoyed my career. Working on proms, going on senior trips, taking students to visit Latin cultures, and getting to know some amazing young people are some of my personal highlights. Seeing our district grow and prosper has been a joy and made me so proud. At our homecoming assembly this year I was thinking that I have probably been to more MFHS football games than anyone in the gym that day. I may retire from teaching, but I will always be a Trojan fan. I will bleed BLUE and GOLD forever!

Fellow Trojans:

Hello, my name is Molly Harris, and I am the 2010-2011 Trojanaire yearbook editor. With the help of my sponsor Mrs. Kathy Sharp, we have compiled a book we are both very proud of.

As many of you may, or may not know, putting together a successful yearbook pages isn't easy. You have to attend every school event to make a yearbook. This makes this class/club very time consuming. Every year, we have to sell advertisements, gather several pictures, make our own stories, search for new ideas, use computer graphics skills, budget money, as well as devote time to the book.

This year, my staff consisted of twenty-one students ranging from sophomores to seniors. We have put in numerous hours of hard work to make this possible. These students are amazing, hard working, and dedicated.

I would like to personally thank many individuals for making this book a success. Foremost, to my sponsor Mrs. Sharp. She is always here by seven in the morning ready to help any students with their pages. She has helped me throughout the last few years and has helped me become a better leader. I would also like to thank D.R. Roberts Photography and Kevin Krows for their support and donation of pictures to our school and yearbook. Next, I would like to thank the staff, without you this book wasn't possible: For all of the times I have raised my voice, draw attention to you, or make you come to school early, thank you! Finally, I would like to thank the community for donating pictures of different events.

It has been my pleasure to be the editor of Volume 101 of the Trojanaire. Thank you to everyone I might have forgotten. This yearbook would not have been a success, if it were not for the dedication of our community. Thanks again, and Go Trojans!

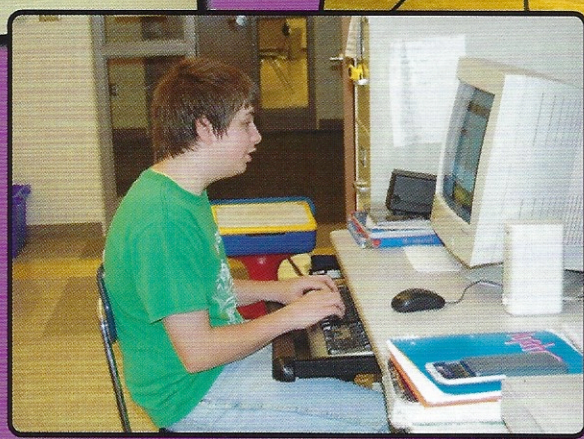

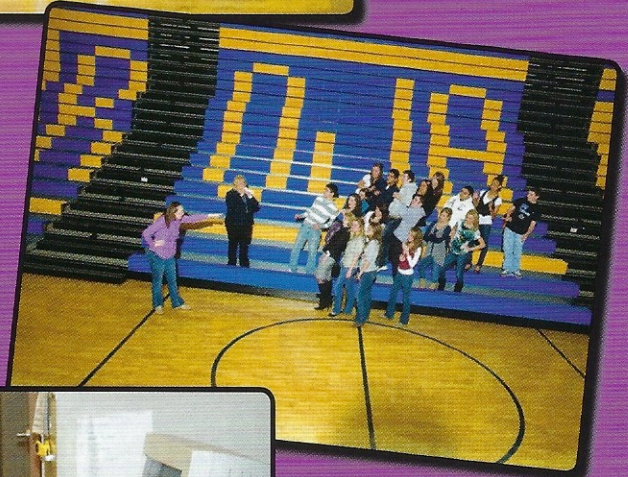

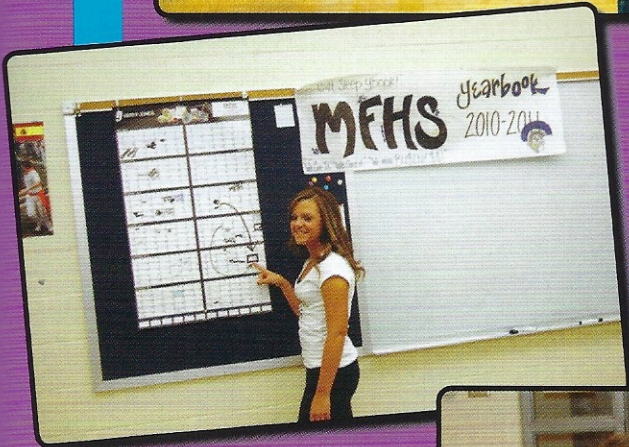

Sincerely,

Molly M. Harris

Spanish 4

What is your favorite part about teaching Spanish 4?

“I like that my students have enough knowledge that we can read novels in class.” -Mrs. Sharp

Four years later of hard-work and dedication there are many students who stuck with Spanish. There are more students currently in Spanish which may make it harder to focus for some people, but these students do a great job of staying focused and on task.

After all the homework assignments, hard tests, and dreadful exams, these six students went all four years without giving up. What makes French 4 so unique compared to other classes is that it has very few students, which makes it a challenge, therefore they combine with French 3.

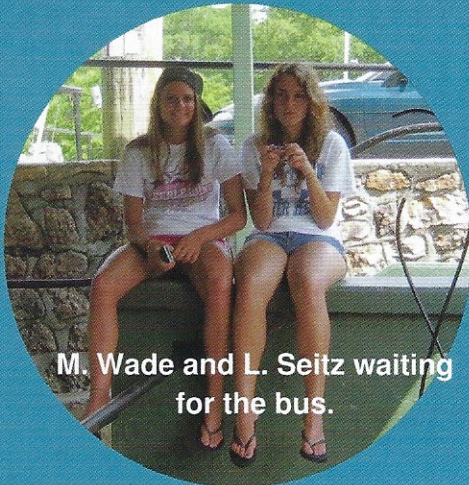

What is your favorite part about teaching French 4?

"I would have to say it would be being able to watch them all grow, and improve their skills of speaking French." -Mrs. Hazelhurst

PROM 2011

A Night To Remember

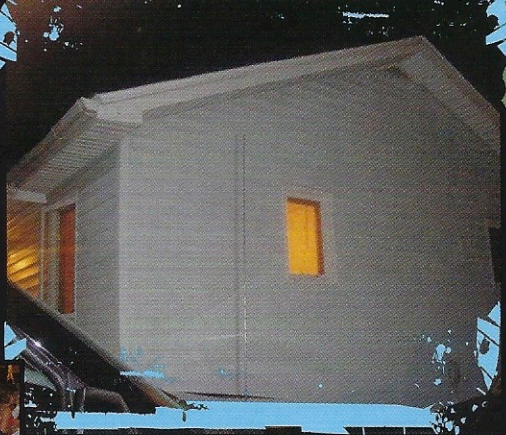

After a full day of primping and pictures, MFHS juniors and seniors and their dates arrived at the Decatur Conference Center & Hotel ready to have the night of their lives. Everyone was looking their best. Shortly after everyone was seated, dinner was served. Following the meal, guests migrated toward the dance floor. Unfortunately, the DJ insisted on playing music not preferred by the attendees. Many students refused to dance to the outdated music. It certainly was a night to remember.

Prom #2

DISAPPOINTED BY THE DJ'S AT PROM, STUDENTS LOOKED FOR ANOTHER ALTERNATIVE TO CELEBRATE THE END OF THE SCHOOL YEAR. STUDENT COUNCIL, WITH THE HELP OF PARENTS AND ADMINISTRATION, PUT TOGETHER ANOTHER DANCE. IT WAS HELD THE FOLLOWING FRIDAY AFTER PROM. IT WAS KEPT CASUAL AND IN THE SCHOOL'S GYMNASIUM. ALL STUDENTS WERE ELIGIBLE TO ATTEND AND THOSE WHO DID WOULD AGREE THEY HAD AN AWESOME TIME.

Remembering Nic England

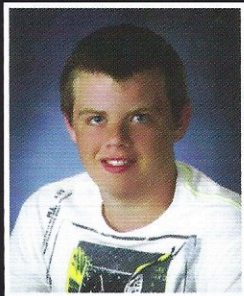

"I'll see you on the other side, superstar..."

-Nicolas Q. England, age 16, of Maroa, passed away 6:19 pm Friday, July 2, 2010 as the result of a single-vehicle accident.

Nicolas (Nic) was born on March 22, 1994 the son of Ken and Cheryl England, and sister Rachel England. He was a student at Maroa-Forsyth High School. He loved to go hunting and fishing with his dad and best friends. but most of all, he loved football and his teammates. He was a funny, goofy kid that always had a smile on his face. He always knew how to brighten someones day, and gave the best advice. He was a son, brother, and a best friend. Nic's passing impacted not only the students at Maroa-Forsyth, but the whole community. He will be dearly missed by the ones who were the closest to him to the ones who barely knew him. In his honor and memory, we dedicate this 2010-2011 yearbook to our beloved classmate. You will never be forgotten.

*"I'm gonna miss that smile, Gonna miss you my friend, Even though it hurts the way it ended up, I'd do it all again.
So play it sweet in heaven, because thats right where you want to be, I'm not cryin because I feel so sorry for you, I'm cryin for me."*
